TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is possitively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern" is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to C. S. BARRETT, Southern Passenger Agent, Postoffice Box 242, Chattanooga Tenn., or to the undersigned.

Let Republicans Notice.

It is said the followers of those Asiatic princes who gave the name Assassin to our language, had the habit of approaching their intended victims with the gestures and movements of friendship or supplication, and when close enough, the whole attitude was suddenly changed, and the ferocity of the murderer was disclosed. To go still lower in the scale of animated nature, there is a species of reptiles who have the power to slime over its prey, and thus make the work of deglutition easy.

From previous experience, the South may expect soon another series of outrages and another fit of lawlessness from allies of the Democracy. The press of that party is exceedingly loud just at this time in expressing its faithfulness to the Union, law and order, and at the same time denouncing Republicans as the lowest human beings in our midst. These signs point unerringly to another upheaval of the lowest passions of that party which has been endeavoring for fourteen years in the South, to allow no authority to exist except their own. It is true that the most reputable of the opposition newspapers are not engaged in this nefarious business. It only comes from that portion which has no reputation for loyalty and no credit for good intentions to loose. It comes from these whose only hope for a gleam of success is shed from the baleful light which arises from hellish deeds.

If these conjectures prove true; if the designs of the Democracy are again to attempt the existence of Republican government, while professing to be its supporters; if their intentions are to eject a portion of their own filth upon Republicans before their destruction is offered, then the effort will fail. The time has forever passed when Republicans will calmly submit to be shot down, or hanged, or drowned, or whipped by a secret band of assassins acting under the orders of Democratic leaders. The Republican party has strength to assert and maintain its rights of opinion unfettered and uncontrolled by the enemies of law. Abuse and violence will be repelled by the means which God and Society offer for self-protection, and with an abiding confidence in our position, we await all issues.

GENERAL ASSEMBLY.

[Condensed from the Raleigh Examiner.]

FORTY-NINTH DAY'S PROCEEDINGS.

SENATE.

WEDNESDAY, Feb. 4.

The Senate met at 11 o'clock, Lieut. Governor in the chair.

Introduction of Bills.

By Mr. Seymour, a bill to amend chapter 197, laws of 1858–59. Referred to committee on corporations.

By Mr. McCabe, a bill to amend chapters 66 and 211, laws of 1831–32–46–47. Referred to committee on corporations.

By Mr. Grandy, a bill to amend section 22, chapter 117, Battle's Revisal, concerning widows. Referred to committee on judiciary.

Motions and Resolutions.

On motion of Mr. Morehead, of Guilford, Senate bills 365 and 366, which confer final jurisdiction on Justices of the Peace in certain cases, were made special order for 11:45 to-morrow.

On motion of Mr. Ellis, of Columbus, Senate bill 396 to amend chapter 197, laws 1871–72, was recommitted to committee on judiciary.

Special Order No. 1.

Resolution concerning the so-called special tax debt of North Carolina.

The resolution is prefaced with a preamble declaring the reconstruction acts of Congress unconstitutional and void, and the convention of 1868–69 an illegal body, without the authority to pass the ordinances of the said convention, which created certain of these bonds; also that the Legislature of 1868–69, called together in pursuance to said reconstruction acts was not a legal body, and acts passed by that body were unconstitutional and not binding upon the State; that these bonds were disposed of by wicked, corrupt and selfish men, and the State had nothing to show for them.

The resolution then declares the contract upon these special tax bonds null and void, and directs the State Treasurer to drop the same from the books and records in his office.

Mr. Waring called for the previous question.

Upon that Mr. Seymour called for the yeas and nays. Not sustained.—Yeas 15, nays 25.

Mr. Seymour said it was a very extraordinary proceeding to attempt a call of the previous question upon a motion of so much importance, thereby cutting off discussion upon a resolution with such a long preamble, stating many things that he did not believe to be true. He was surprised that the introducer of the resolution should, by his vote, attempt to preclude a discussion upon the merits of his resolution.

Mr. Dunham moved to indefinitely postpone. He made this motion to test the sense of the Senate.

Mr. Merrimon proceeded to address the Senate in advocacy of his resolution, when Mr. Love suggested that the matter be postponed until Saturday next at 12 m., until the public debt was disposed of.

Mr. Avera hoped it would not be postponed but fought out to-day. He thought the Senate as well prepared to vote upon the proposition to-day as at any other time.

Special Order No 2.

The bill for the better care and protection of the orphan children of the State. Bill failed to pass its second reading. Yeas 16, nays 19.

Mr. Avery changed his vote and moved a reconsideration of the vote by which the bill failed, and that the consideration of that motion be postponed until 1 p. m., on Friday next.

Special Order No. 3.

Bill known as the "Machinery Act."

Mr. Dunham moved that the bill be considered by sections. Adopted.

Mr. Cowles moved to amend in section 9, sub-division 3, after the word provision, the words "over and above the amount necessary for the use of his family."

Mr. Ellis, of Columbus, advocated the adoption of the amendment, and called for the yeas and nays upon the same. Yeas 17, nays 16.

At the request of the Senator Guilford, Mr. Cramer, having voted in the affirmative, moved a reconsideration of the vote by which the amendment was adopted.

Mr. Morehead said the amendment would allow the person who had $5,000 worth of provisions to be exempt from tax, while the poor devil who only owned, in all kinds of property $300, had to be taxed on $200.

A long discussion ensued upon the merits and constitutionality of the amendment, between Messrs. Merrimon, Gudger, Welsh, Duham, Norwood and others.

After which the motion to reconsider prevailed.

The amendment failed.

On motion of Mr. Merrimon, adjourned until 7:30 this p. m.

HOUSE OF REPRESENTATIVES,

At 10:30 A. M., Mr. Speaker Robinson called the House to order.

Petitions.

Mr. Turner, a resolution concerning the return of certain non-residents to testify in the impeachment of Samuel W. Watts. Placed on the calendar.

Introduction of Bills.

Mr. Bennett, a bill amending an act in reference to certain insurance companies.

Mr. Hanner, on act amending an act in reference to dogs.

Mr. Grady, a bill to give mileage to sheriffs.

Mr. Gilbert, a bill amending chapter 105, section 8, Battle's Revisal.

The above bills were properly referred to their appropriate committees.

Upon motion of Mr. Carter, a bill in reference to the first judicial district and for other purposes was taken up. It strikes out certain counties and inserts others in their stead.

Mr. Guyther wanted to know more about this bill than he learned from the mere reading it. He thought it should be printed. This taking of Hyde and Tyrrell and substituting Bertie and Hertford is a radical wrong. It smacks of the wish to elect a Democratic Judge, and without consulting the people on this subject. This matter is tried to be rushed through this body. He demanded the yeas and nays on the passage of the bill on its second reading. The following was the result:—Yeas 54, nays 42.

A strict party vote, Republicans all voting in the negative.

The bill being on its third reading, Mr. Cox moved to lay on the table, and demanded the yeas and nays.

The motion did not prevail. Yeas 44, nays 57, and the question recurring on its passage, Mr. Guyther demanded the yeas anp yeas, and the bill passed its third reading. Yeas 57, nays 43.

Mr. Carter moved a reconsideration of the vote just taken, and moved to lay that motion on the table.

Mr. Cox demanded the yeas and nays. The motion prevailed. Yeas 58, nays 43.

Upon motion of Mr. Brown, of Mecklenburg, the rules were suspended, and the act concerning seine owners staking out the middle of the channel in rivers with a supplemental act, was taken up and passed its several readings.

Consolidation Bill.

Mr. Gorman, an amendment after the word "grounds" in section 11, line 13, insert as follows: "Or any one who has charged for the public printing by the letter "M" or who has been in any way connected directly or indirectly with any printing establishment which has overdrawn from the State Treasury and has been forced by legislative action to disgorge, refund or make good the said overdraw." The amendment was rejected.

Mr. Trivett, an amendment that no person shall be a commissioner, director or general manager who has heretofore or may hereafter enter into, aid or abet any conspiracy to usurp the executive power of the State in any public work, for party ends by participating in any election of special or deputy governor, themselves, nor any member of the general assembly who has heretofore or may hereafter take a bribe for his vote.

Mr. Jones, of Caldwell, an amendment to the amendment. "Nor shall any member of the legislature who has ever promised his constituency on the stump that he would not take more than three dollars per diem."

Mr. Trivett accepted the amendment which was adopted.

Mr. Bennett, an amendment in effect taking away the right to change the gauge.

Mr. McGehee said, from Richmond to the Canada border, we have the four feet eight inch gauge. A Northern road of the five foot gauge has recently been changed to 4 feet 8 inch. Coming South, at Richmond you strike the road of five feet. In this State, all the roads are of the old gauge. At this late day, is North Carolina to be deprived of her proud position and made an humble dependent on a single tributary in a foreign State; he hoped not, and condemned any proposed change of gauge.

Mr. Gudger thought that the gentleman from Person was mistaken on this point, explicitly giving the gauges of roads that would come in at Morristown—all of which were of a different gauge to the North Carolina Railroad; and to get this Memphis and other western traffic for our ports to compete with those in South Carolina and Virginia, he hoped this gauge will be changed; the western people believe this to be their only hope. Under the charters of the Tennessee roads we cannot have their gauges changed. Could see no reason why the gauge cannot be made uniform, and trusted the amendment will be voted down.

Mr. Johnston, an amendment striking out Asheville and inserting Salisbury, allowing the western road to change its gauge to that point, but he afterwards withdrew it.

An amendment allowing a change of gauge from Paint Rock to Asheville. Adopted.

House at 2 p. m. adjourned.

They have dead-head suicides out West. At La Crosse, Wis., recently, a man entered a store and inquired the price of a pistol. While examining the weapon he slipped in a cartridge and blew his brains out.

The long-vexed question, "What are poodles good for?" has been beautifully solved by an ingenious dyer out West, who uses his poodle for a walking or trotting advertisement. He delights to exhibit his pet dressed up in a suit of purple ears, azure body, fore legs black, hind legs yellow, emerald head, and Solferino tail.

OTTO SCHUTZE,
Observer, U. S. A.

An advance of 2½ cents in the spirits turpentine market is noted to-day.

Mr. John W. Henderson, agent of the Katie Putnam Company, is in the city.

All Teachers are invited to meet Dr. Leigh at Union Schoolhouse, on Sixth between Nun and Church streets, on Saturday, at 11 o'clock.

Owing to the late panic we will sell until January 1st, our entire stock at 25 per cent. less than New York cost.

S. Hanstein & Co's
New York House,
tf 15 Market st.

Appropriation.—By reference to our telegraphic columns it will be seen that a petition, asking an appropriation of $350,000, to complete the improvements of our Bar and River, was presented in the Senate by Senator Merrimon, to-day, and referred to the Committee on Commerce.

Midnight Wedding or the North Carolina Outlaws, is the title of a new versin of the Robinson county bandits, written by H. F. French, now of Fayetteville, but formerly of Richmond, Va. The author is in the city getting estimates of cost with a view of having it published in a few weeks.

Car Coupling.—Mr. Shaw, foreman of the Carolina Central Railway Company's Shop at Laurinburg, has invented a new car coupling, which he intends having patented at an early date. He claims that it is the simplest one ever invented. There have been over three hundred car couplings invented and patented in the last two years.

Clothing is down, money being scarce, we are offering our entire stock of clothing, boots and shoes at suspension prices.

S. Hanstein & Co's
New York House,
tf 15 Market st.

Grand Ball.—This evening the grand ball of the Cape Fear and Orion Lodges, I. O. O. F., will take place in the hall of the New Hanover Bank Building. Everything has been done to make it a perfect success, and judging from our personal knowledge of the committee, who are gentlemen of excellent taste, we have not the least doubt but that it will be an occasion long to be remembered by the participants.—Tickets can be obtained from either one of the committee.

Effects of panic tremendous Tumble in prices at

S. Hanstein & Co's
New York House,
tf 15 Market st.

Attempted Robbery.—An attempt was made on Wednesday night to effect an entrance into a house on the corner of Fifth and Castle streets, a portion of which was occupied by Alexander Newton. The house has been occupied by two families and on Wednesday morning the inhabitants of one half of the house moved out, thus leaving it vacant. The thieves after prowling about the yard for some time picked up an axe which was under the edge of the piazza and succeeded in prizing open the door to the unoccupied half and proceeded to open the door which led into the occupied portion of the tenement, but were frightened off by the appearance of Newton and a gun. The thieves made good their escape.

THE TOWN CRIER.

— Raining.

— Gold is 111⅛.

— It is quite chilly.

— Streets still muddy, and crossings bad.

— Katie Putnam box sheet open to-morrow.

— Hand in your Church notices to-morrow morning.

— Overland Monthly for February has arrived from "over the Rockeys."

— Miss Curtis gives a select reading at the City Court Room to-night.

— The National Hotel repairs, when completed, will show a great improvement.

— Solicitor Cantwell is hard at work trying to dispose of our heavy criminal docket.

Deferred.—The trial of Brunson, who is charged with forgery, which was set for to-day, has been postponed untill Tuesday.

There have been one hundred and twenty-five shares of the Wilmington and Sea Side Railroad subscribed, which is almost a sufficient amount to warrant its extension South of Market street.

We will take pleasure in conducting the committee on Streets and Wharves to certain crossings and sidewalks, in this city, on some of our principal thoroughfares, where the water is from two to four inches deep. Is there another city in the South, the size of Wilmington, that can boast of such nice sidewalks?

Seaside Railroad.—We learn that that the committee appointed at the citizens' meeting, held last Monday night, to solicit subscriptions for the Sound Railroad, are actively canvassing for this object, and expect to make a favorable report of their progress to an adjourned meeting next week, of which public notice will be given.

Personal.—Our young townsman, Mr. W. Cowan Green, leaves this evening for St. Louis, Missouri, where he will cast in his lot with the people of that city. Mr. Green will go through a regular course at the medical college and commence the practice of his profession in that city. We wish him success in all his undertakings through life and feel assured that his culture and urbanity will find places in the hearts of the people of his adopted home.

Conducted over the limits.—The Irish chiropodist who has been "doing the town up" for the past week in his line of business, and who should have a diploma for ruining the greatest number of feet in the shortest time of any one of his class and profession, got on a rampage last evening, and about eight o'clock visited a Water street saloon where he succeeded admirably well in frightening the proprietor, his attendants and customers. He indulged in remarks which were not very select or refined; when he was about to be jumped by some one in the bar who had taken exceptions them, he drew from his vest pocket a small vial containing a liquid of some kind and threatened to put an end to all of the company if any one should dare touch him. The liquor which he had drank soon had a somnifferous effect upon him, when he was seized from the rear and hurled out of the door into the street, where he was soon taken charge of by a policeman and conducted to the lock up. This morning the Mayor had his lordship conducted beyond the city limits.

The vaunted *expose*, so fruitful ind amaging revelations, guaranteed for publication by the New York *Tribune*, has finally culminated in the acknowledgment that the cherished documents are nothing less than forgeries. The humiliating confession, now the conclusion of what might have been an eventful drama in the political world, evidences the fact that an inconsiderate careleness has prevailed in the editorial management of that journal until, generally understood, it the accepted organ for the dissemination of all slanderous charges against our public men. That an additional surveilliance now seems to have been inaugurated must be regarded as indicative of an effort to regain a healthy tone, but at the same time it will not snbstantiate virtue in character, particularly when an apology for unjust insinuations is accompained by the sentiment that idle rumor is sufficient foundation for the destruction of individual fame. It is well understood at whom the evil hand of assumed independance was aimed, end the self-justification attempted casts an additionaly vile reflection, this time, though, being supported alone by the vapid utterances of one known as a common gossip and scold. The discovery of the imposition practiced upon the *Tribune*, solely through its own gullibility, should prove a lesson to the specially trained, and cause more searching investigation of the "charges" made by those inimical to this District now afforded such unlimited space in that Journal.—*Republican.*

EDITORIAL BUDGET.

— The Amherst Aggies have voted not to row at Saratoga.

— The Georgia Legislature has passed a resolution urging Congress to grant pensions to the Mexican war veterans.

Mr. Mehr rushed out, and again ran into the house. He was not again seen alive. When found he had three children in his arms, the four bodies being burned almost to a cinder.

The Bowery and up-town cigar manufacturers, at a secret meeting held last night, resolved to rescind their action of last week, in conceding to the demands of the workmen, and giving an increase of one dollar per thousand. This action will undoubtedly lead to a general strike next week.

AN ORDINANCE

CONCERNING THE FURTHER OPENING OF FRONT, BRUNSWICK AND HARNETT STREETS.

WHEREAS, It is the opinion of the Board of Alderman that the comfort and convenience of the citizens of the citizens of the City of Wilmington would be much promoted by opening and establishing Front street from Hanover to Harnett steet and Brunswick and Harnett street to the river,

THEREFORE, THE BOARD OF ALDERMEN DO ORDAIN, That the Mayor cause a survey of that portion of Front street lying between Hanover and Harnett streets, and on Brunswick and Harnett streets, between the river and Second street, to be made by the City Surveyor, and an estimate to be made of the cost of opening the same, and that the City Surveyor report his estimates with a copy of said survey to the Mayor, who is hereby directed to open said streets, under the provisions of the "Act of Asembly, ratified the 16th day of January, 1856, authorizing the establishment of the streets in the town of Wilmington." Provided, That if in the judgment of the Mayor the cost of opening said street shall be such as will be oppressive to the owners of lots liable to assessment under said act, he shall report to the Board of Aldermen for their action in the premises.

Any ordinance or parts thereof conflicting with the above is hereby repealed.

The above ordinance was passed at a special meeting of the Board of Aldermen held on Thursday, January 29th, 1874.

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,
BY MAIL,
COMMERCIAL
AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the POST is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,
AGRICULTURAL,
MECHANICAL, or
COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.

Prospectus for 1874—Seventh year.

THE ALDINE

An Illustrated Monthly journal, universally admitted to be Handsomest Periodical in the World. A Representative and Champion of American Taste.

Not for Sale in Book or Music Stores

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of 'ssteel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The woodcuts of THE ALDIFE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

To fully realize the wonderful work which THE ALDINE is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representations of the productions of great painters.

In addition to designs by the members of the National Academy, and other noted American artists, THE ALEINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscribers to THE ALIENE will at a trifling cost, enjoy in his own home the pleasure and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and willsurpass in attraction any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West," One is a view in the White Mountins New Hampshire the other gives the Cliffs, of Green River, Wyoming Territory. The difference in the nature of the scenes themselves in a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 16) and appearance exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr. Moran himself.

NEWARK, N.J., Sept 20th, 1873.

Messrs. JAMES SUTTON & Co.

Gentlemen,—I am delighted with the proofs the color of your chromos. They are wonderfully successful representation by mechanical process of the original paintings.

Very respectfully,

(Signed,) THOS. MORAN.

These chromos are in every sense American. They are by an original American process, with material of American manufacture, from designs of American scenery by an American painter, and presented to subscribers to the first successful American Art Journal. If no better because of all this they will certainly possess an interest no foreign production can inspire, and neither are they any the worse if by reason of peculiar facilities of production they cost the publishers only a trifle, while equal in every respect to other chromos that are sold singly for double the subscription price of THE ALDINE. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost, and will appreciate the enterprise that renders their distribution possible.

If any subscribers should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches, representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromos free.

For 50 Cents Extra, the chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases where the certificated is given, bearing the facsimile signature of JAMES SUTTON & Co.

THE SUN.

WEEKLY, SEMI-WEEKLY, AND DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation, but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more are briefly as follows,

It is a first rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear intelligible, and interesting manner.

It is a first rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste

It is a first rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages,

It is a first rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no color.—It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and the markets for the men, especially the cattle markets, to which it pays particular attention.

Finally, it is the cheapest paper pulished. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WEEKLY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty six columns. Only $1 00 a year. No discounts from this rule.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. $2 00 a year. A discount of 20 per cent. to clubs of 10 or over.

THE DAILY SUN.—A large four page newspaper of twenty eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or $6 00 a year. To clubs of 10 or over, a discount of 20 per cent.—Address,

LITTELL'S LIVING AGE.

A weekly magazine of sixty-four pages, THE LIVING AGE gives more than THREE AND A QUARTER THOUSAND double-column octavo pages of reading-matter yearly, forming four large volumes. It presents in an inexpensive form, considering its great amount of matter, with freshness, owing to its weekly issue, and with a satisfactory completeness attempted by no other publication, the best Essays, Reviews, Criticisms, Tales, Poetry, Scientific, Biographical, Historical, and Political Information, from the entire body of Foreign Periodical Literature.

A NEW SERIES

Was begun Jan. 1, 1873, with entirely new Tales, already embracing Serial and Short Stories by distinguished English, French, German, and Russian authors; viz., Lord Lytton (Bulwer,) Erckmann-Chatrian, Ivan Turguenieff, Miss Thackeray, Mrs. Oliphant, Fritz Reuter, Mrs Parr (author of "Dorothy Fox") Julia Kavanagh, &c.

During the coming year, as heretofore, the choicest serial and short stories by the Leading Foreign Authors will be given, together will an amount unapproached by any other periodical in the world, of the best literary and scientific matter of the day, from the pens of the above-named and other foremost Essayists Scientists, Critics, Discoverers, and Editors, representing every department of knowledge and progress.

The importance of THE LIVING AGE to every American reader, as the only complete as well as fresh compilation of a generally inaccessible but indispensable current literature,—indispensable because it embraces the productions of THE ABLEST LIVING WRITERS in all branches of Literature, Science, Art, and Politics,—is sufficiently indicated by the following

OPINIONS.

"Reproduces the best thoughts of the best minds of the civilized world, upon all topics of living interest."—Philadelphia Inquirer.

"In no other single publication can there be found so much of sterling literary excellence."—The Nation, New York

"And the cheapest. A monthly that comes every week."—THE EVANGELIST, CHICAGO.

"The ablest essays, the most entertaining stories, the finest poetry of the English language, are here gathered together."—Illinois State Journal.

"With it alone a reader may fairly keep up with all that is important in the literature, history, politics, and science of the day."—The Methodist, New York

"In view of all the competitors in the field, I should certainly chose "The Living Age"—Rev. Henry Ward Beecher.

"The best periodical in America."—Rev. Dr. Cuyler.

"Has no equal in any country."—Phila. Press.

"Indispensable to every one who desires a thorough compendium of all that is admirable and noteworthy in the literary world."—Boston Post.
